

Clubhistory Zonta Waregem 1901

The club has been chartered on the 27th of October 2012 under the parenthood of Zontaclub Ghent I. As of today we are 23 enthusiastic members, 4 candidates and several more in the pipeline.

One of the highlights was the presentation of our club fanion, as it expresses clearly what Zonta is all about and reflects what we can mean for the city of Waregem:

These 5 signs have been reunited in the human being on the horse. The horse is the link to our city, but its content means progression, drive and (e)motion.

Our club is still young but we are convinced we will contribute to the Zonta story for many years to come, making "his" story "her" story!
